

Important COVID-19 update

First, we sincerely thank you for your continuing support.

Even with more COVID-19 vaccines becoming available, we will remain committed to prevent its spread.

As more people receive vaccines, we are adjusting to client's needs.

Starting May, **we will be offering clients who received the vaccines to have an option to remove the mask during service. We ask clients who have not been vaccinated to wear the mask** and our staff will be continuing to wear them.

We will accept appointments only and no walk-ins at this time.

We will not be offering beverages at this time.

We will be offering a robe for you to put it over your clothes. Please wear an older T-shirt or something that has a lower neckline.

We will start accepting cash, check and credit card payments.

We will continue to sanitize and disinfect between clients and social distance as much as possible.

This situation has certainly brought on some challenges, but we are determined to rise to the occasion with a positive attitude and high level of professionalism. As these circumstances are ever changing, they will require our constant attention and reevaluation. We ask that you please be patient with us as we make the necessary adjustments.
